# Colour combinations inspired by nature.

**Better colour, better choice** – Each palette is designed to enhance wellbeing, support harmony, and meet the demands of dynamic learning environments – while embracing sustainability through our recycled plastic range.

Made with  
recycled  
plastics

## Amber

A golden tone that brings warmth and optimism to any environment. **Ideal for creating welcoming spaces that spark curiosity and creativity.**

### PAIR IT WITH

- Soft clay or ochre-toned vinyls
- Earthy, woven fabrics in natural linen or warm grey

Warm. Uplifting. Energetic.

## Ocean

A fresh, calming tone inspired by coastal environments. **Perfect for spaces where focus and wellbeing go hand in hand.**

### PAIR IT WITH

- Crisp sky-blue or steel-toned vinyls
- Textured navy or seafoam fabric blends

Cool. Focused. Balanced.

Made with  
recycled  
plastics

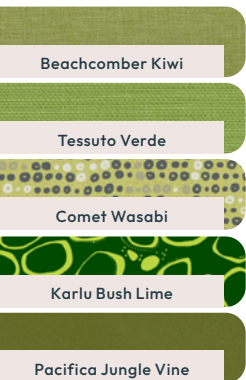

Beachcomber Teal

Tessuto Fresco

Comet Seascape

Karlu Billabong

Pacifica Seal Rock

Beachcomber Kiwi

Tessuto Verde

Comet Wasabi

Karlu Bush Lime

Pacifica Jungle Vine

## Forest

A deep green that brings nature indoors. **Ideal for calming corners, reading zones or nature-inspired learning areas.**

### PAIR IT WITH

- Neutral vinyls in rich olive
- Fabrics in citrus, kiwi or lime

Grounded. Restorative. Refreshing.

Made with  
recycled  
plastics

# Good News Lutheran College

**An innovative, tailor-made classroom fitout that brings the school's vision to life.**

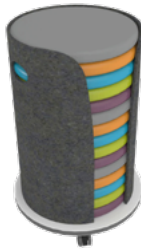

Good News Lutheran College wanted to redefine classroom layouts to enhance learning and flexibility. After trialing various setups with multiple suppliers, the school partnered with Sebel following a successful two-term pilot in a Year 2 classroom.

The goal was to outfit 22 classrooms (Prep to Year 6) with adaptable, height-adjustable furniture that supports varied learning needs.

- Utilised our 3D Design program to create clear visual layouts
- Delivered flexible, engaging learning environments
- Installed Recycled Plastic Postura Max® Chairs in coordinated tones
- Implemented Twist'n'Lock™ Height-Adjustable Height Adjustable Tables for easy adaptability

Recycled Postura Max®

Create-A-Pods

Twist'n'Lock™ Height Adjustable Tables

Sensory-friendly furniture helps reduce overstimulation and creates calming zones!

Writeable surface encourages creativity, teamwork and brainstorming.

The ergonomic Postura Max® chairs are designed to support growing bodies with various seat heights, lumbar support and stackable convenience.

Match your Twist'n'Lock™ legs to our recycled plastic chairs!

Now available in new colours, made with recycled plastics!

Modular desks, curved tables and mobile seating make it easy to rearrange!

## Need help planning your classroom?

Whether you're updating a single room or planning a full classroom, our experts can help.

## Performance Edge™ Tapered Edges

Our patented Performance Edge™ features a highly-durable edging around the tabletop, enhancing longevity and reducing daily wear. It also minimises pressure on students' forearms caused by leaning and writing, improving comfort during use.

## Twist'n'Lock™

The Twist'n'lock™ pin-less leg design makes adjusting table heights a breeze; engineered to be ultra-durable and long-lasting to withstand the rigours of constant use in the classroom. Now available in new colours!

# Classroom furniture that grows with your students

Create dynamic learning environments with Sebel's primary classroom range – designed for comfort, durability and flexible learning.

## Inspired by nature. Designed for learning.

Our new colour range and combinations bring life to your learning spaces by balancing energy, calm and connection. Both the Sebel and Mindfull collections have been inspired by nature to elevate everyday learning environments.

## Furniture with a family tree. New chairs. Made from old.

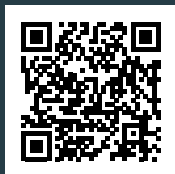

Today, we're not just supporting students, we're supporting the planet too – with furniture made from recycled plastics and a program that lets schools return their old chairs for responsible recycling.

Every Recycled Postura Max® prevents 3.8kg of plastic waste from entering landfill.\*

**sebel**<sup>TM</sup>

The image shows a modern, open-plan learning space. In the foreground, there's a white hexagonal table surrounded by orange plastic chairs with black legs. On the table are some papers, a calculator, and a small container with pens. In the background, there's a wooden wall with two black screens mounted on it. Below the screens are grey modular sofas with red patterned cushions. There are also small white tables with chairs. A large window on the right side shows greenery outside. The floor is covered with a grey patterned carpet. The Sebel logo is in the top left corner.

THE NEW LUMBA™

## Case Study

# Broughton Anglican College

**Broughton Anglican College partnered with Sebel to develop multiple spaces aimed to create flexible, student-centered environments that support different learning styles and encourage staff and student feedback.**

Sebel collaborated closely with the school leaders to design two versatile spaces featuring a mix of seating heights, movable furniture and varied layouts. The spaces allow for both group collaboration and more private, focused learning - giving students choice and ownership of how they learn.

- Range of seating heights to support posture and engagement
- Reconfigurable furniture for adaptable learning setups
- Options for both collaborative and independent work

The updated spaces now function to encourage feedback and future planning. Staff and students are actively engaging with the environments, helping to shape the rollout of flexible, effective learning spaces across the school.

Postura Plus Sled  
Base Stool

Round  
Ottoman

Smart Softies™  
Curve Lounge

## New Product Launch!

Lumba™ is a versatile school chair used within classrooms, staff rooms, libraries and halls. It offers customisable comfort with biophilic-inspired colours, optional upholstered back and seat pads, arms or links.

Variety of fabric and vinyl options to match new colour range!

## Need help planning your classroom?

Whether you're updating a single room or planning a full classroom, our experts can help.

Made with recycled plastics!

Writeable surface encourages creativity, teamwork and brainstorming.

High-performance lockable castors allow a space to be reconfigured with ease.
